

We extend perishables' shelf life

Moving perishables and sensitive goods across the world at the perfect temperature to preserve their mint condition requires sharp skills.

Our highly trained experts recognize the importance of essential details such as packaging, pre-departure delivery, ground times, correct storage, clearance and transport to final destination as well as continuous dialog with the customer.

Your benefits with CV fresh

- Unbroken chain of temperature-controlled environments, from origin to destination
- Vacuum cooling facilities for flowers at LUX hub
- Immediate off-loading of perishables after landing and direct transfer to cooling facilities
- Non-stop long haul flights allow perishables reach their destinations faster and fresher
- Extensive and speedy road feeder service using temperature controlled trucks
- Worldwide support of perish shipments by our ground handling agents

Thermal blankets protect sensitive cargo from extreme temperature variations upon request

between the truck and the aircraft at Luxair Cargo Center offers shortest transit time from/to aircraft
